Marty:

With you being my neighborhood representative for my area, if you would be so kind to read on my behalf a question at tonight's Code Enforcement meeting regarding the following:

Food Vendor Trucks parking in downtown area at Sylvan & San Mateo Ave. which is near my home. This Vendor will play Latin Music extremely loud without any concerns to the many neighbors in the downtown area, many people are sleeping to go to work, this music disturbs one's ability to sleep peacefully. He will stay in this location until the early morning hours, on Saturday May 20th I saw him parked there at 11:45 pm

I am referring to General Vehicle Vendor Regulations Chapter 4.20 Regulation of Vehicle Vendors General Vehicle Vendor regulation # 4.20.040

---

A response would be appreciated which can be given to Marty Medina.  
Thanking You Marty
