Dear Mayor and City Council,

On behalf of Teamsters 856 and the hard working women and men who work to keep San Bruno beautiful, we oppose any outsourcing of our jobs. Our street sweeper has and continues to do a spectacular job, and takes pride in what he does. Outsourcing this position is short sighted in the long run for costs in which it will be much more expensive.

We respectfully ask that you keep the street sweeping in house. Our members know the City and have cleaned the city for many years. The street sweeper takes pride in his job and due to knowing the city and its residents so well is able to provide a customer service that Recology will not be able to match.

This issue was never discussed with us and we find it very disappointing that the input of the workers who have been doing this for decades were not consulted.

We respectfully ask that this issue be taken off the table.

Kind Regards,

Trish

Tricia Suzuki Blinstrub
