# of Residential Units at this Location: \_\_\_\_\_ Date Tested: \_\_\_\_\_

**The State of California requires smoke and carbon monoxide detectors in all residential units/buildings.** California Residential Code (CRC) Section R314.1, CRC R315.2 states in part that existing dwellings be "retrofitted with smoke detectors and carbon monoxide detectors". CRC Section R314.3, CRC R315.3 defines required locations. California Fire Code, Chapter 11, Section 1103.8 Smoke detectors are required in all existing R occupancy buildings.

Carbon Monoxide Alarm/Detector: On the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms or in each hallway outside of the bedrooms, and on each level of the dwelling. Detectors are also required in bedrooms with gas fired appliances.

Smoke Alarm/Detector: Installed in each room used for sleeping purposes, outside each sleeping area, and on each level of the dwelling unit.

Retrofitted detectors may be battery operated for buildings where no alterations are performed on the interior. Multiple-purpose alarms (carbon monoxide and smoke alarms) shall comply with all applicable standards and must be approved by the State Fire Marshall. The devices must be installed per manufacturer's instructions.

**Fire Extinguishers-California Fire Code Chapter 9, Section 906.1 requires that fire extinguishers be installed in R-2 and R-1 occupancies.** Title 19 Section 568 states that one Class 2-A fire extinguisher be provided for each 6,000 square feet and that the travel distance to access it shall be no more than 75 feet. By initialing here, I certify that I have elected to install fire extinguishers inside each of my units rather than install them on the exterior of the building. Each of these units has been verified to be fully functional, has received its annual servicing and is of the appropriate size (2A10BC). \_\_\_\_\_ Initials

**AFFIDAVIT**

I, the undersigned, hereby certify that I am the owner or representative of the owner for this property. I further certify under penalty of perjury and under the laws of the State of California that smoke alarms and carbon monoxide alarms/detectors are present in all required locations as identified above and are maintained and tested annually to be functional.
