

Rico E. Medina

Occupation: Mayor, City of San Bruno

Serving you, your family, and your neighbors as San Bruno's Mayor is a privilege. Because of my commitment to public safety, our public fire and police are staffed with the training and tools they need to keep us safe. I'm honored to have the endorsement of the San Bruno Professional Firefighter Association and San Bruno Police Association.

Working with my colleagues, our professional staff, and the community we are making progress on addressing some of San Bruno's top priorities, including

The Opening of our new Recreation and Aquatics Center; Paving streets and fixing sidewalks; Investing in our downtown; Pedestrian safety and bike improvements; Balancing the budget, investing your tax dollar responsibly; fire mitigation in the canyon; increasing our sales tax revenue through the sale of a long vacant lot that will be a new car dealership.

My knowledge, experience in San Bruno and as a regional leadership makes me the person best to represent San Bruno at home and in our county. As a third generation and lifelong resident I will continue to stand up and fight for San Bruno to make sure we have a seat at the table and our voices are heard.
