You are invited to attend a Community Meeting to discuss the upcoming Phase IV Street Improvement Project in the Crestmoor Neighborhood.

The San Bruno City Council recently awarded a construction contract to Granite Rock Company for the reconstruction of the sidewalks, curbs and gutters, new streetlight system, and roadway repaving within the Crestmoor Neighborhood. The project is scheduled to commence in late September 2016. Please join us for a meeting to discuss the scope and schedule of the project as well as the impacts the construction will have in the neighborhood. Representatives of both the City of San Bruno and Granite Rock company will be present to answer any questions and address resident concerns.
