

## BAYHILL SPECIFIC PLAN – ENVIRONMENTAL SCOPING MEETING

**December 5, 2017**

**4:30 pm (Agency Staff)**

**6:30 pm (General Public)**

**Meeting Location:** Senior Center, 1555 Crystal Springs Road, San Bruno

**Background:** The City of San Bruno will be preparing and Environmental Impact Report (EIR) for the Bayhill Specific Plan (Specific Plan) and Phase 1 Development under the Specific Plan. The EIR will analyze the Specific Plan at a program level, and the Phase 1 Development, which consists of approximately 400,000 square feet of YouTube corporate office space, at a project level. Together, the Specific Plan and the Phase 1 Development are the “Project.”

**Intent of the Scoping Meeting:** The City will hold a scoping meeting for the Project. A brief presentation will be provided followed by an opportunity to provide written or verbal comments on the planned scope and content of the proposed EIR. You are welcome to attend the scoping meeting and present environmental information related to potential environmental issues and impacts that you believe should be considered in the EIR. The purpose of this meeting is to receive comments to assist in determining the scope of analysis of the EIR. This is not a meeting for commenting on the merits of the Project; there will be noticed public meetings and hearings for that purpose in the future.
