

Disk Cleanup

Tip #2

Remember disk cleanup? It was a way to make your computer run faster. Disk Cleanup is a simple way to delete files. Type where it says, "Type here to search" >> In the lower left corner type in disk cleanup click on Disk Cleanup app >> put a check mark next to each folder you want deleted, such as temporary files, and other files you don't need then select ok. If you need help contact; Mary Toy to make a schedule to come in. Phone is (650)588-5795. If you have a laptop bring it in, if not we can help you on one of our desktops.
