

TOM HAMILTON

Occupation: Planning Commissioner

Education and Qualifications:

I was born and educated here in San Bruno. After receiving my Bachelor's from San Francisco State University, I worked my way up in the same IT organization for 25 years to the Director position I hold today, designing operations and finance processes in a large and complex healthcare organization, managing a team of 28 talented analysts.

In 2000 I met my amazing wife Karen, and we returned to San Bruno in 2005 where we are now raising our own family. In 2007 I volunteered for and was appointed to the Traffic, Safety & Parking Committee, where I served as a committee member and chairperson for 12 years. In 2019, I was appointed to the Planning Commission, where I serve today.

San Bruno has endured years of budget turmoil and an inability to prioritize our challenges so that we can begin addressing them. My years of experience have given me ample insight into how San Bruno government works and where we must innovate and improve. This experience means that, if elected, I will be ready to contribute on Day 1 and collaborate with my council colleagues and City staff to get things done.
