

Stephan Marshall
Businessman / Realtor

From my early days as a child in our community, public service has been an important part of my life. I spent several years with the San Bruno Parks and Recreation Commission. I am a Board member and two-term President of non-profit, Star-Vista. I served two terms as St. Robert's School Board President and was President of the Rotary Club of San Bruno.

San Bruno's budget is about to implode - around \$9 million dollars in the negative. Even before Covid-19, it was minus \$4.2 million, when other cities had surpluses, which they are now drawing upon to financially survive. If elected, I will be a "fiscal hawk" to ensure that our budget - which is YOUR taxes from YOUR hard-earned money are spent wisely and frugally. As a successful small business owner, I have the financial experience to lead this city in right direction.

When working to improve our community for the future, it is essential to create a respectful, collaborative environment between all parties. Listen first and executing a commonsense approach has always been one of the fundamental principles of my leadership style.
