

Rico E. Medina

Age: 55

Occupation: Mayor, City of San Bruno

Education and Qualifications:

Serving as your Mayor is my honor. I'm working every day at City Hall to ensure essential services like police, fire and other departments are keeping San Bruno safe during this pandemic. My priority is the health and safety of residents, vulnerable senior neighbors, and small businesses.

The loss of hotel and sales taxes – especially at Tanforan – is devastating the City's budget. My experience making fiscally responsible decisions, including guiding the City during the 2008 recession while on Council, is unmatched and needed now more than ever.

I've been your voice at City Hall providing leadership in our most challenging times. From the housing crisis, to the PG&E tragedy, the shooting incidents at YouTube and Tanforan Mall, and now the national conversation around social justice and COVID-19. The knowledge and experiences gained managing these crises is what we will need to navigate the coming uncertain times and position San Bruno not to just merely recover but thrive.

I also remain focused on affordable housing, addressing homeless encampments, senior health, infrastructure investment, fiscal responsibility, creating good jobs through construction and responsible development. I respectfully ask for your vote. You may contact me at 650-869-5009 or [www.RicoMedina.com](http://www.RicoMedina.com).
